

To whom it may concern-

I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides the variety and quality that are not available elsewhere. Commercial radio is just that- commercial!! I refuse to listen to a commercial radio service because they cater only to their advertisers, not to me.

I pay for satellite radio services because they provide the service I expect!! It should not be up to the poorly run National Association of Broadcasters to dictate what I am permitted to hear.

Respectfully, I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I DEMAND, PAY FOR and DESERVE!!!
